Island

To find the Coral Reefs, lighthouses, and islands under the name of M. Advoie. This people is of the same tribe, and of the same language, as the inhabitants of the island of Laven. And in the extreme west of the island, upon the coast, there is a lighthouse. This lighthouse is the only one in the whole island that is not inhabited. The inhabitants of M. Advoie are divided into several families, and each family has its own house, which is built of stone and has a thatched roof. The houses are surrounded by gardens, in which they grow vegetables, fruits, and other crops. The island is rich in natural resources, including fish, birds, and seafood. The people of M. Advoie are known for their hospitality and their love of the sea. They are skilled in fishing, and they have a large number of fishing boats and canoes. The island is also known for its beautiful beaches and the clear waters of the Coral Reefs. The island is protected by the government of Japan, and it is a popular destination for tourists who come to enjoy the natural beauty of the island and the warm hospitality of the people.
